

Millard Basketball Association

Frequently Asked Questions – 2022-2023

Mission

The purpose of the MBA is to grow the game of basketball for the boys in the **Millard West** school district. Coaches will help develop each player's character with lessons of hard work, sportsmanship, integrity, and teamwork. The MBA coaches will work closely with the Millard West High School basketball staff in developing practices and strategies that will help prepare the players for high school basketball at Millard West. By teaching fundamentals and team concepts of the game of basketball, coaches will help players have fun while learning the correct way to play the game. The ultimate goal of the MBA is to help make each participant a better player and, more importantly, a better person.

2022-23 Cost

The cost to play on **all** teams next year will be \$495. The fee includes a basketball, shooting shirt, entry fee for your team's league/tournament schedule, and a scholarship fee. We raised the cost \$10 from last year because of the cost of tournaments.

Practice Time

Our plan is for each team to have 1 - 1.5 hours of practice scheduled for two nights a week. Practices are held at Millard West High School and Russell Middle school, and other MPS elementary schools. Unfortunately, there are times that we are not able to practice due to school activities. If there are too many conflicts, we will adjust our schedules so all teams have ample time to practice.

Skill Development

The Millard West coaching staff and players will have Summer dates in which the players can come in and work on skill development. The cost will be minimal. We will also try to add some Spring and Fall dates for these sessions.

Millard West Involvement

The MBA is a true feeder program to Millard West Basketball. We do not recruit from other districts and expect that all of our participants plan on attending Millard West High School. The Millard West High School coaching staff is involved with tryouts, practice planning, and general organization of the MBA. They work with the MBA coaches to assure that similar terminology and philosophies are used throughout the program. They also help with skill development. The Millard West players will also be involved in the MBA occasionally. The MBA is an extension of Millard West Basketball.

Team Coaches

We do our best to hire very capable coaches. Our coaches are a mix of former players and athletes and parents. We think all three types of coaches bring a lot of value to our program. We believe that a youth program is only as good as its coaches.

Going Forward

Playing for the MBA does not guarantee that a player will be able to play for the high school team. The MBA is organized to teach the game of basketball and to help prepare players to play for the high school team.

Tryouts

Tryouts for the 2023-24 season will be held in early March. Please check our website to get specific details. We take tryouts very seriously. We fill out evaluations on each player and work hard to put together the best teams forward. We currently have Select and Wildcat teams in 3rd through 8th grades.

What is the difference between Select and Wildcat teams?

The only difference between the two types of teams will be the level in which they play in the leagues and tournaments.
